RAISING
Awareness
AROUND
Anxiety

April 29, 2019

6:30 p.m.

Millbury Memorial
Jr/Sr High School
Auditorium

In partnership with you, our students' families, our goal is to provide a safe learning environment that supports the academic, social, and emotional needs of our students.

The Millbury Public Schools will be hosting a screening of “Angst: Raising Awareness Around Anxiety” on Monday, April 29th at 6:30 p.m. in the Millbury Memorial Jr/Sr High School. Discussion following the film led by expert Dr. Jerry Bubrick, Child Mind Institute.

“Anxiety disorders are the most common mental health challenge in the U.S., impacting 54 percent of females and 46 percent of males, with age seven being the median age of onset, according to the World Health Organization. While anxiety disorders are highly treatable, only one-third of those suffering receive treatment (emphasis added).” Our goal in bringing this film to Millbury is to raise awareness about anxiety, take it out from the shadows and talk about it so that we can support our children who may be suffering. We hope to see you there!
